Our *2023* Workwear/Uniform Range for your
Greenkeepers, Groundspeople & On Course Staff.

Dear Golf Club,

We have been supplying a range of quality workwear to UK Golf Clubs for over 13 years, and we are pleased to present our biggest and best range yet.

In this catalogue, you will find an extensive range of clothing which has been hand-picked to suit the needs of your on course staff. As with everything we offer, our quality is unsurpassed.

Our expertise in this field allows us to offer the following benefits:

- 7-10 working day turnaround on embroidered orders and 2-5 day turnaround on plain orders.
- Quality industry tested garments.
- Competitive pricing structure.
- Hand finished embroidery.
- No minimum order quantities.
- Consistent replication of your club logo/crest embroidery.

3 NEW WORKWEAR RANGES

THE CØRE+ COLLECTION

A stylish and functional core range of hard wearing great value workwear. Available in a wide range of styles, sizes and colours.

THE TWO TØNE COLLECTION

A range of 2 tone workwear, which is hard wearing, stylish and functional. The contrast colours will give your on course staff a finessed and professional image.

THE EARTHPRO COLLECTION

A range of ethically sourced, planet friendly clothing made from recycled fibres. All clothing is certified to the 'Global Recycling Standard'.

FASTER DELIVERY

UNBRANDED/PLAIN GARMENTS

If you don't need your Club Crest embroidered on your workwear, you can order them 'un-branded' for faster delivery within 2-5 working days.

EMBROIDERED/CRESTED GARMENTS

For any embroidered workwear orders, our lead time is approximately 7-10 working days from approval, but we now offer an express embroidery service which can guarantee delivery within 3 working days.

THE EARTHPRO® COLLECTION

Certified by Control Union
CU 1050913

ØRN IS CERTIFIED TO THE GRS - GLOBAL RECYCLED STANDARD, WHICH VERIFIES RECYCLED CONTENT AND TRACKS IT FROM SOURCE TO THE FINAL PRODUCT.

Certification is a means to confirm that the levels of social and/or environmental performance claimed for a product are correct and verified by an external party.

Third party certification is considered one of the strongest ways to ensure the integrity of supply chain and sustainability claims. By using this system, an independent third party gives assurance that a company, process, or product is compliant with the requirements of a particular standard.

MEASUREMENT GUIDE

It is important to measure your body accurately for garments to fit correctly. Measure over light clothing or underwear. Make no extra allowance for movement ease, we do that for you when designing our products.

LADIES

1. Bust

Measure around the fullest part.

2. Waist

Measure around the natural waistline.

3. Leg Length

Measure from top of inside leg to the required length.

MEN

1. Collar

Measure around the base of neck and make sure the tape fits comfortably.

2. Chest

Measure the fullest part of the chest normally under the arms.

3. Waist

Measure around the natural waistline.

4. Leg Length

Measure from top of inside leg to the required length.

SIZING GUIDE

LADIES SIZING

The chest sizes shown are to fit body size. These are not the actual size of the garment which will be larger than the chest size shown to allow the wearer movement and to fit into the garment comfortably. The garment measurement will vary of between 2" / 5cm to 5" / 10cm depending on the garment style and fit.

GARMENT CARE

We take great care to use quality fabrics for all our ranges. Garment and fabrics are tested under carefully monitored conditions in accordance with recognised standards. Wash tests check for colour fastness, shrink resistance and care label accuracy. Wear test are undertaken to check the serviceability and longevity of garments.

LAUNDERING

Always refer to the care label before laundering and ensure the care label instructions are adhered to. Always wash dark colours separately. Fabric softeners and conditioners may prove detrimental to the performance of some garments.

GARMENT SHRINKAGE

Excessive shrinkage is primarily due to factors such as heat and major agitation during the wash cycle. Always wash as per the instruction as stated on the care label.

PILLING & BOBBLING

Abrasion and timely washing of garment with fabric softeners leads to fibre balls appearing on the surface of the fabric. Remove balls by mild surface brushing. We strongly recommend not to use fabric conditioners in the wash.

TRIMS AND ACCESSORIES

Trims and accessories like zips, toggles, pocket linings and elastic cords are constructed for normal use.

COLOUR STAINING

Wash similar colour garments together. Do not leave damp garments together for any length of time.
